

# Educator Learning Opportunities

## Professional Development

Curriculum Associates is committed to working side-by-side with educators to drive data-based decision-making and maximize student outcomes. Our Professional Development goal is to partner and support Rhode Island educators with a focus on *i-Ready* implementation fidelity. **Please choose one session to attend on November 16.**

*Additional Professional Development on January 5 and March 15, 2021 with more details coming soon!*

### Using Data to Plan Instruction

*\*Recommended for New/Novice Users (Under two years of experience)*

**Monday, November 16**

Educators use effective data practices as they analyze their own students' data from the first Diagnostic. Focusing on our Class Diagnostic Results report, participants uncover new insights and information about class performance to inform instructional decisions.

**Click here to register!**

**8:00–9:30 a.m. EST**

**9:45–11:15 a.m. EST**

**12:15–1:45 p.m. EST**

**2:00–3:30 p.m. EST**

### Moving Forward with Grade-Level Instruction

*\*Recommended for Practicing/Advanced Users (Two or more years of experience with previous PD)*

**Monday, November 16**

Educators will analyze their data to prioritize needs to address unfinished learning. Using enhanced placement levels and/or the Prerequisites report, educators will have a more detailed picture of student needs to intervene and scaffold grade-level instruction. They will utilize *i-Ready* resources to plan for differentiated instruction to accelerate student progress.
