

New for the 2021–2022 School Year!

Your teaching and learning is more challenging than ever. We're here to support your success by helping you address unfinished learning, engage students in grade-level work, and motivate all learners with supportive instruction.

Unfinished Learning: Tools to measure unfinished learning and get insights into how to overcome it.

- **Multiple ways to measure unfinished learning** through *i-Ready* data.
- **In-depth research into unfinished learning**, including national analysis of 9+ million students.
- **Improved! Demographic reporting** for insight into the performance of different student populations. (Winter 2021)
- **5-Level placements by domain** for more granular insight into student needs.
- **New literacy assessments** to ensure students are on track for reading success.

Grade-Level Content: Resources to engage students in grade-level work and help them achieve proficiency.

- **Enhanced! Prerequisites report** for Mathematics that helps teachers prepare students for grade-level work.
- **Enhanced! Tools for Scaffolding Comprehension** to help students access grade-level Reading instruction.
- **Magnetic Reading™** for Grades 3–5 in the Teacher Toolbox for Reading.*
- **Grade-Level Scaffolding report** that uses *i-Ready* data to help teachers prepare students in for *Magnetic Reading* lessons.*
- **Teachers can assign Standards Mastery tests** to measure individual state content standards.

Engaging Instruction: Instruction that motivates students and promotes productive struggle.

- **Expanded! Reading Comprehension lessons** for middle school, with a focus on increasing representation and cultural authenticity.
- **All Phonics lessons for Grades K–2 will be responsive**, providing instruction when students need it most.
- **New ways to engage** students in fractions with students and teachers able to create and share their own puzzles in Cloud Machine.
- **PHONICS for Reading update** with a revised Student Book and Teacher Book. (2022)

Increasing Access: Resources to support all students and let them see themselves in what they learn.

- **Expanded! Culturally responsive content** in instructional materials.
- **Major expansion of Spanish-language content:**
 - Launch year of *i-Ready Assessment of Spanish Reading* for Grades K–6**
 - Spanish fluency assessments
 - Most Mathematics lessons for Grades K–6 in Spanish
 - Authentic Spanish Reading lessons for Grades K–2
- **Ongoing accessibility improvements**, including closed captioning in most lessons.

Providing Flexibility: Tools you can use to support teaching and learning, wherever it takes place.

- **Scenario learning plans** for summer school, after school, extended day, and extended year.
- **New ways to connect with learning management systems** to make it simpler for students to use *i-Ready*.
- **Assign to Google Classroom** in fewer steps when sharing student PDFs from the Teacher Toolbox.
- **Batch printing enhancements** to send reports to families more securely and efficiently.
- **Data in the student dashboard to help families** know how to support their child. (Winter 2021)

Providing Partnership: Professional development and a service team that supports you every step of the way.

- ***i-Ready Partners* team** dedicated to helping you integrate *i-Ready* into your classroom.
- **PD focused on unfinished learning** delivered by experienced educators.
- **Flexible PD delivery**, available in person, virtually, and on demand.
- **Improved! Online Educator Learning** to help teachers get the most out of *i-Ready*.
- **Achievement analytics** tailored to the needs of your district.

*Exceptions apply. **Reporting will be limited for the *i-Ready Assessment of Spanish Reading* during the 2021–2022 school year.
