Get Support for i-Ready in Your Classroom

The support and resources you need to get the most out of i-Ready are available at your fingertips. Access 24/7 support, including videos, tips and planning tools, printable resources to use with students and families, and actionable ideas from educators across the country. No matter where you are or what time it is, we’ve got your back!

Check out some of our most popular and useful items:

**Downloadable Resources**
A wide range of tools and resources help teachers and students get the maximum benefit from i-Ready. As the leader of your classroom, you will find tools and templates that support your data analysis, instructional planning, efforts to invest students and families in goals, and much more. Download and print these essential resources at any time.

**Ideas from Other Educators**
Tips, tools, and ideas from other educators in the i-Ready community are available on the i-Ready Central Ideas page (i-ReadyCentral.com/Ideas). Filter results by category or grade band and sort by most recent or most popular posts to see how educators around the country are using i-Ready to drive student success. You can also submit strategies that are working in your classroom.

**Curated Tips & Tools**
Easy-to-follow curated collections bring together the information, strategies, and resources that are most useful in driving student growth and impacting change through the use of i-Ready in your classroom.

**Answers to Frequently Asked Questions**
A series of articles and ready-to-print documents help you learn more about i-Ready and how it works. Explanations and examples of common features and terminology seen in i-Ready and on reports help to put data and instructional recommendations in context.

All of this support is easily accessible!
- In i-Ready, navigate to Help for general support or click on the question mark icons integrated throughout the program for help with specific questions.
- In your web browser, navigate to www.i-ReadyCentral.com.
